

Item# F-605UW

The Underwater Walker is constructed of durable PVC tubing and stainless steel swivel casters with solid rubber wheels.

This adjustable, waterproof walker aids in independent mobility in the pool. Great for rehabilitation and the elderly.

Armrest cradles provide extra support and come in two different sizes. The cradles can be attached and removed without the use of tools.

FEATURES:

- Adjustable height range of 32" - 45" (81 - 114cm)
- 3.5" & 4.5" removable PVC armrest cradles
- Tool free conversion from standard walker to armrest walker
- 3" solid rubber wheels, two locking swivel casters
