FAST Slide Questionnaire

Please provide as much information as possible to the following questions. Attach drawings or hand sketches as necessary. This will ensure fabrication will meet your specific application.

Customer:	<input type="text"/>	Sales Order #:	<input type="text"/>
Product Name:	<input type="text"/>	Product #:	<input type="text"/>

1. When would you like your slide delivered?

Date _____

2. Will the slide be installed outdoors or indoors? (circle a or b)

a. Outdoors

b. Indoors (please answer the following)

- Please describe access for moving the slide into place for installation. For example: If being installed in an indoor pool, what is the size of the largest opening into the building?

3. Will the slide be installed directly in the pool or on the deck? (circle a or b)

a. In the pool (please answer the following)

- What is the pitch of the pool floor? _____
- How will the slide be orientated in relation to the floor pitch? _____
- What is the water depth at the slide entrance?

b. On the deck (Please provide a cross section sketch or drawing of the pool edge and gutter system.)

4. What is the water depth at the slide exit?

5. Would you like the product painted with the standard color/color scheme (as shown in the catalog) or would you like to specify a different color/color scheme? (circle a or b)

a. FAST standard color/color scheme

b. Specified color/color scheme. (please describe)

6. If applicable, please provide an onsite point of contact that can clarify information submitted in this questionnaire.
